

DECLARATION OF CONFORMITY

REACH Information sera Group

(As of 4 February 2026, the Candidate List contains entries for 253 (SVHC) substances that may be harmful to humans and the environment.)

The **sera Group** manufactures and distributes articles within the meaning of the REACH Regulation (downstream user). Therefore, the following requirements of the REACH Regulation are of particular importance:

1. Obligation to provide information for articles containing a substance (SVHC) in concentrations exceeding 0.1% (Article 33)
2. Compliance with Annex XIV of the REACH Regulation, **use of SVHCs subject to authorisation**
3. Annex XVII Restrictions on the manufacture, placing on the market and use of certain hazardous substances, mixtures and articles.

From the very outset, the **sera Group** has prioritised safety and sustainability in its selection of suppliers, with a focus on protecting the environment and people. Our aim is to ensure that all our products are free from harmful substances, or to replace such substances with safe alternatives.

All products supplied by the **sera Group** comply with the substance-related requirements of REACH! We proactively assess the "Candidate List" published by the European Chemicals Agency, which lists substances of very high concern (SVHCs), in advance using the **ECHA's "Authorisation List"** in relation to our products.

This ensures we are very well prepared for the regular updates to the (SVHC) Candidate List. If we become aware of the use of SVHCs in our products, we will automatically inform you, in accordance with the requirements of REACH Article 33, regarding the specific SVHC substance used in concentrations exceeding 0.1%.

Immenhausen, April 2026

Roland Tittel (Vice President **sera Group**)

We require our suppliers to provide us regularly with accurate information regarding compliance with all relevant, globally recognised legal guidelines. All information provided by us in connection with REACH regarding supplied products, materials and substances is based on the information provided by the manufacturers/suppliers and is given to the best of our knowledge and belief. We accept no warranty or liability for factors beyond our knowledge and control. The **sera Group** reserves the right to update and amend this information if it deems this necessary or appropriate.
