

We inspire our customers worldwide with our innovative products and services and create added value for people and environment. As a traditional medium-sized group of companies with over 300 colleagues at 6 locations in Germany and abroad, we are pushing our international growth and our transformation into a modern, value-oriented and people-oriented company with a flat hierarchy and culture of trust and short decision-making processes.

We are looking for the next possible starting date for a

BRANCH MANAGER (M/F/D)

YOUR TASKS

- Take full responsibility for managing and developing sera's UK branch in Burton upon Trent.
- Act as the official representative of sera in the UK market, ensuring compliance with local regulations and company standards.
- Oversee daily branch operations, financial performance, budget planning, and reporting in close cooperation with headquarters in Germany.
- Lead the entire UK team, ensuring efficient processes, collaboration, and motivation across all functions.
- Represent sera at trade fairs, industry events, and towards customers, partners, and institutions.
- Develop long-term strategies for market positioning and sustainable growth in the UK.

YOUR PROFILE

You are an experienced Branch Manager, Country Manager, General Manager, or similar with a proven track record in leading a business unit or subsidiary within the B2B engineering environment. Ideally, you combine strong commercial expertise with solid experience in managing operations, budgets, and compliance. You bring demonstrated leadership skills in guiding teams, setting clear objectives, and creating a dynamic and communicative work culture. Entrepreneurial, structured, and results-oriented, you are capable of developing long-term strategies while ensuring smooth daily operations. With an interest in technical products and processes, you can act as a trusted representative of the company in front of customers, partners, and institutions. Based in Burton upon Trent or nearby, you are willing to travel across the UK and occasionally to Germany, representing sera at both operational and executive level. Previous experience in international environments or established contacts with German companies will be considered a strong advantage.
